

April 3, 1969

Dear Jimmy,

We played bridge tonight and just got home a few minutes ago. It's cold out tonight.

We have lost another bridge friend and it is someone you know. It is Genevieve. She died at the bridge table last night in Seattle. We weren't there and I am glad. The fire department was called and they came and tried to revive her but she was gone so the fire men carried her out and took her to the University hospital. The director filled in for Genevieve and the bridge game continued on. If I had been there I don't think I could have continued playing. Anyway her funeral is Friday but I don't

think I will go.

Sunday is Mary's and
Mae's first anniversary. They
are going to stay home as
they are tired and their apt.
needs cleaning. They work long
hours and usually seven days
a week. This Sunday they don't
have to work because it is
Easter.

We are going to talk to
another evangelist Mon Monday
Night. He is from the Renewal Soc. Co.

Bob and Delores sent me a
statue of a black man. It is
really nice and coming right
from South Africa gives it an
extra special sentiment. They
will be glad to get back to
the United States.

I am glad you had that
nice trip.

Love,
Mae
